# Ming Chuan University Procedures for Academic Network Suspected Violation of Protection of Intellectual Property Rights

Article 1    These procedures are established to implement the protection of Intellectual Property Rights, process cases of academic network suspected violation of protection of intellectual property rights in accordance with Taiwan Academic Network Procedures for Violation of Protection of Intellectual Property Rights of the Ministry of Education and Ming Chuan University Regulations for Campus Network Management.

Article 2    The Information and Network Division will follow these procedures when informed of suspected violations of protection of intellectual property rights from off-campus units. Serious violations will be transferred to the relevant unit for punishment and the reporting unit will be informed of the resolution.

Article 3    The Information and Network Division staff will monitor the situation of our academic network at random intervals. If suspected violated IP addresses are found, the Information and Network Division will inform the user of the IP address, tell the user about the legal implications of the violation, ask the user to cease the suspected violation. Serious violations will be transferred to the relevant unit for punishment.

Article 4    Upon being passed at the Administrative Council Meeting and approved by the president, these procedures were announced and implemented. Any revision must follow the same procedure.
